

Shubham Kumar

Software Engineer / Web Developer

Makwa, Bihar, India | +91 8292883205
shubham320749@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Profile

Full-stack developer skilled in Next.js, React.js, Node.js, and PostgreSQL. Focused on building scalable, user-friendly web applications with foundation in DSA and core computer science concepts. Collaborative, adaptable, and driven to learn continuously.

Education

Bachelor of Technology in Computer Science and Systems Engineering

Kalinga Institute of Industrial Technology (KIIT), Bhubaneswar

Expected May 2026

Skills

Languages: C, C++ , JavaScript

Frameworks / Libraries: React.js, Next.js, Node.js, Express, Tailwind

Databases / ORM: PostgreSQL, MongoDB, Prisma ORM

Tools: Git, GitHub, Postman

Experience

Full Stack Developer Intern – Voyasim Travel Services LLP (VisaFu)

May 2025 – July 2025

Engineered VisaFu's visa assistance platform using the MERN stack (React.js, Node.js, Express.js), improving overall application processing efficiency.

Designed and implemented scalable RESTful APIs and responsive user interfaces, reducing page load times and enhancing user engagement.

Collaborated cross-functionally with design, DevOps, and product teams in Agile sprints, consistently delivering features on schedule while maintaining clean, modular, and reusable code.

Freelance Full Stack Developer – Signature Factor E-Commerce | Website: sfgifts.in

August 2025

Developed a full-stack e-commerce application using Next.js with the App Router, significantly improving overall load performance.

Implemented Clerk authentication with role-based access control to securely restrict admin-only functionality.

Designed and managed the data layer using PostgreSQL (Neon) and Prisma ORM, improving query reliability and data consistency.

Collaborated with team members to deliver modular UI components and product and category management features, streamlining development workflows.

Projects

• Moment – Journal Web Application | Website: [moment](https://moment.shubhamkumar.in)

- Built with **Next.js 14**, JavaScript, and Tailwind CSS, featuring a WYSIWYG rich text editor.
- Implemented mood tracking and dynamic charts for emotional visualization.
- Designed modular, responsive UI; deployed on Vercel.

• MentR2b AI Career Coach: | Website: [MentR2B](https://mentr2b.com)

- Built an AI-powered platform using **Next.js**, **JavaScript**, and **Tailwind CSS**, featuring speech-to-text, real-time feedback, and personalized quiz and interview generation.
- Implemented AI-driven resume optimization and tailored cover letter generation to streamline job preparation and improve application relevance.
